3. Chairman's & President's Report & Club Captains Report.

- Playing side was unspectacular! 1st team struggled, 2nds were in a very difficult league, 3rd team were under strength for majority of the season. The 4th team did very well considering they had to concede 4 games.
- Availability was poor all season, not helped by people away at University and players not showing enough commitment.
- The club have proposed to the League that next season Under 16's who have played on a Saturday are able to play on the Sunday too.
- The junior section continues to thrive. Well done to all the Coaches the Club is very proud.
- Off the field the Club continues to enhance its reputation in the community.
- The following Treasurers report is not good reading! the Committee is aware and Cost saving procedures and planned fundraising events are in full swing.
- Thanks to Andrew, all the Committee including Chris, Hugh & Jane, Simon & Keith for Umpiring and Charlie for the ground.
